### **DETAILED ACTION**

This Office Action is responsive to the applicants' amendment filed on Jan. 26, 2006 and Jan. 30, 2006.

Claim 7 has been amended. Claims 9-17 have been added. Thus, claims 1-17 are pending in this application.

#### ***Claim Rejections - 35 USC § 112***

1. Regarding claim 9, the word "means" is preceded by the word(s) "including bottom portion s of the vane grooves defining a back pressure space" in an attempt to use a "means" clause to recite a claim element as a means for performing a specified function. However, since no function is specified by the word(s) preceding "means," it is impossible to determine the equivalents of the element, as required by 35 U.S.C. 112, sixth paragraph. See *Ex parte Klumb*, 159 USPQ 694 (Bd. App. 1967).

Claims 10-17 are rejected by virtue of their dependence on claim 9.

#### ***Allowable Subject Matter***

2. Claims 1-8 are allowed. The following is a statement of reasons for the indication of allowable subject matter: as pointed out by applicants' argument (see remarks section pages 2-10, filed on Jan.26, 2006), the cited references fail to disclose or render obvious the claimed combination including a second high pressure oil passage establishing between the oil sump and back pressure and a valve for opening and closing the second high pressure oil passage.

Claims 9-17 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, sixth paragraph, set forth in this Office action.

***Response to Arguments***

Applicant's arguments with respect to claims 9-17 have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
